CONVERSATIONS WITH THE BOARD

Background
To best serve our district, school board members need to regularly hear from the community about what the current issues are, prioritize our needs, and receive feedback on how well the school district is serving students.

Board Office Hours are not intended to bypass the site administrator or the superintendent but are an opportunity for our community to improve communication between Board Members and the public.

Details
- Once a month, in person, throughout each of our school sites during the school year.
- Board members will rotate based on availability, and due to the Brown Act will not have more than two in attendance.
- Availability will be for one hour and can be either during or after school hours based on what is best for the community.
- Discussions and issues will be reported back to the full board and any urgent issues raised to the Superintendent as appropriate.
- The goal of the Board Office Hours is to have friendly discussions on topics affecting our schools.

Join our first Session
Monday, Sept. 12
9:00 AM - 10:00 AM
5:30 PM - 6:30 PM
August Boeger - Library Annex
