

Sponsorship Opportunities 2019

MPESD Field Rejuvenation Project

The Mount Pleasant Elementary School District invites individuals, businesses, nonprofits and the City of San Jose to partner with us in providing state-of-the-art athletic fields for over 2500 students and the surrounding community. The District is counting on your tax-deductible generosity to help us rejuvenate the play areas that have suffered greatly due to years of drought and lack of funding. With your help, we can add lasting value to our community for years to come.
